# DEFEND YOUR WALLET

Fight fraud. Track Spending. Set real-time alerts and controls.

## DEFINE WHEN, WHERE AND HOW YOUR DEBIT CARD IS USED.

Being in control of your cards has never been more important. With our free mobile app, instantly turn your cards on or off for any reason, control transactions by category or dollar amounts and easily set, customize and modify purchase alerts.

### **Location-based Alerts and Controls**

Restrict transactions to merchants located within a certain range of your location by using your phone's GPS.

### **Usage Alerts and Controls**

Establish spending limits to allow transactions up to a certain dollar value. Decline them when they exceed your pre-defined thresholds.

### **Merchant Alerts and Controls**

Control transactions for specific purchases, such as gas, groceries, in-store purchases, e-commerce or mail/phone transactions.

### **On/Off Setting**

Disable a lost or stolen debit card instantly from your device! When the card is "on," transactions are allowed in accordance with your usage control settings.

Data rates may apply. Check with your mobile phone carrier for details. Search for "First FarmBank Mobile" in the App or Google Play store.
